Dear Member:

Regarding all animal complaints, GRFPOA requests you to do the following.

Please call Animal Control @ 530-621-5795, and/or  
El Dorado County Sheriff @ 530-621-6600, to make a report at the time of the offense. Be sure to get  
the responding deputy's information.

- Write down all dates, times and duration of the offense.
- If possible, try to take pictures or video tape barking and /or loose dogs, (or cats) especially if on your property.

Gold Ridge Forest POA does not have any authority to enforce county ordinances or cite violators.

Animal Control and the Sherriff's Department have the authority to cite violations of county ordinances, and verify status of dog license requirements for compliance. Animal Control can go out to the site to document violations of barking and/or loose dogs, and they can impound loose dogs. Both of these county ordinance violations could result in written notice to owners to document warnings. Repeated offenses can result in fines; animal impounds resulting in costly fees, and citations for disturbance of the peace. These expensive consequences are far more effective in deterring dog disturbances.

Please do your part to assist all GRF members in achieving a more harmonious neighborhood.

Thank you.

Sincerely,

Gold Ridge Forest Property Owners Association

Board of Directors
